## Roses for 2015

Our rose list will help you select roses for any desired characteristic: color, fragrance, cutting to enjoy in arrangements, as a hedge, or to grow in a large pot. We have also have roses that will grow in partial shade, and those that are nearly thornless so they can be planted near where children play, or entrances.

Our roses are planted in 3 gallon biodegradable paper pots, containing rose soil, fertilizer and Root Activator. Their canes are pruned to their proper height, ensuring that each bush attains its maximum blooming potential. The biodegradable paper pots should be planted directly in the ground, where they will decompose.

For complete growing information and pictures of the roses in this list, please visit our website: [www.rcwnurseries.com](http://www.rcwnurseries.com). For up-to-date availability about any listed rose, please call us at [281-440-5161](tel:281-440-5161)!

### Abbreviations

AARS/AOE Year	RIR Score
<p><b>AARS</b> is an acronym for <b>ALL AMERICA ROSE SELECTION</b>.</p> <p>New rose introductions are grown in <b>AARS</b> Test Gardens in 19 states, representing all US climate zones, for 2 consecutive years by commercial rose growers</p> <p>The roses are evaluated for color, flower production, fragrance, growth habit, disease resistance, and overall vigor. They receive average home garden care.</p> <p><b>AOE</b> (Award of Excellence) is for miniature roses.</p>	<p><b>ROSES IN REVIEW</b>, an <b>AMERICAN ROSE SOCIETY (ARS)</b> rating program</p> <p>A rating reflecting <b>ARS</b> volunteers' experience with growing the rose in their home gardens for a minimum of 3 consecutive years.</p> <p>A (#.#) score means the rose is relatively new to being grown in home gardens and has an interim rating.</p> <p>A (-.-) score means not enough reports have been received to establish a rating for the rose.</p>

A climbing rose in full bloom is a grand cloud of color that will make your heart sing every time you see it!  
Place it on a trellis at least a foot away from a garden shed, fence, rain gutter, or other structure so that the climbing rose has a suitable place to grow. Or be creative and train it over a fence, arbor, pergola, tripod, or pillar.

Price	Name	Type	Class	RIR Score	Comments
24.99	America	NP	CI	8.2	<b>AARS 1976.</b> Fast growing, up to 10 - 12 feet. Blooms on old & new wood. Each coral-pink flower contains 40 - 45 petals and is heavily clove scented.
24.99	Blaze Improved	NP	LCI	8.9	Brilliant scarlet-red clusters of 2- to 3-inch flowers grace this climber. Handsome emerald-green foliage. Magnificent against a white wall or fence. Climbs 10- to 15-feet.
26.99	Brite Eyes	P	CI	7.8	A breakthrough climbing rose from the breeder of the <i>Knock Out</i> rose (see page 13). Medium size, salmon colored flowers with mildly spicy fragrance. 7 - 10 petals. Grows no taller than 8-feet. Perfect for small gardens.
26.99	Candy Land	P	LCI	7.5	Well-formed 4- to 6-inch double flowers of rose and cream stripes borne in huge clusters on 10- to 12-foot pliable canes. 20 petals. Gorgeous clean apple green foliage. Moderate fresh cut apple scent.
19.99	Cécile Brunner, Climbing	NP	CI Pol	8.5	<b>Old Garden. 1904.</b> The climbing form of the enduring and popular Cécile Brunner old garden rose. Spreads vigorously, bearing lots of clear pink blossoms. Climbs 12- to 20-feet. 42+ petals
26.99	Colette	P	LCI	8.3	<b>Climbing Romantica.</b> Heavenly pink, damask-scented blooms blanket the lush green foliage. Old-fashioned blooms adorn the vining canes. Climbs 8- to 10-feet with spreading habit. 3-inch blooms. 135 petals. Strong citrus scent.
26.99	Don Juan	NP	LCI	8.2	<b>1958.</b> Dark red pillar rose that blooms abundantly throughout the summer. 5 -inch blooms, 35 petals. Climbs 8- to 10-feet with short stems and leathery, glossy dark foliage. Heavy fragrance.
26.99	Dortmund	NP	HKor	9.0	<b>1955.</b> Red 4-inch blooms with overlapping petals, white eye and yellow stamens. 4 - 8 petals. Grows 15 - 20 feet tall. Large, glossy, dark green leaves. Armed with reddish thorns. Spectacular all season bloomer. Tolerates some shade.
26.99	Dublin Bay	NP	LCI	8.5	Large, fully-double true red flowers open in cool weather or take the heat. 25 petals. Blooms on new and old wood. Somewhat slow to climb. Can be trained as a pillar. Climbs 8- to 10-feet with deep green leaves.
26.99	Eden Climber	P	LCI	8.2	<b>Climbing Romantica. World Federation of Rose Societies 2006 World's Best Rose.</b> Dense clusters of coral-pink flowers with glossy dark green foliage. 40 to 55 petals. Light old-rose scent. Climbs 10- to 12-feet. Very easy to train laterally. Similar to White Eden (describe on page 9).
26.99	Fourth of July	P	LCI	8.2	<b>AARS 1999.</b> Huge clusters of ruffled, semi-double red 4½-inch blooms with white stripes. 10 - 16 petals. Good rebloomer. Climbs 10- to 14-feet.
24.99	Golden Showers	NP	LCI	7.5	<b>AARS 1956.</b> Clusters of daffodil yellow 6-inch blooms on short stems. 25 - 30 petals. Grows 6- to 8-feet high and 4-feet wide. Glossy foliage. Sweet fragrance.
24.99	Joseph's Coat	NP	LCI	7.5	Yellow and red multicolored 3½-inch blooms. 25 - 30 petals. Vigorous pillar and recurrent bloomer. Climbs 10 - 12 feet with dark glossy foliage and short stems. Light fragrance.
19.99	Lady Banks White	NP	Ba	9.2	<b>Antique. 1807.</b> Blooms once in the spring on old wood. Prune right after flowering is finished. Climbs 10 - 20 feet. Small double white blooms, resembling cherry tree blossoms. 17-25 petals. Violets fragrance. Deer don't seem to like it.
19.99	Lady Banks Yellow	NP	Ba	9.1	<b>Antique. 1824.</b> Blooms once in the spring on old wood. Prune right after flowering is finished. Climbs 10- to 20-feet. Small double yellow blooms, resembling cherry tree blossoms. 17 - 25 petals. Violets fragrance. Deer don't seem to like it.
19.99	Maggie	NP	B	8.6	<b>Found Rose.</b> Collected by Dr. William C. Welch in Louisiana. Very full carmine flowers, darkening to crimson in cool weather. Vigorous shrub can be grown as a bush, hedge (4-feet tall) or trained as small climber (7-feet tall). 3 to 4-inch blooms. Heady true rose scent.

A climbing rose in full bloom is a grand cloud of color that will make your heart sing every time you see it!  
Place it on a trellis at least a foot away from a garden shed, fence, rain gutter, or other structure so that the climbing rose has a suitable place to grow. Or be creative and train it over a fence, arbor, pergola, tripod, or pillar.

26.99	Morning Magic	P	CI	8.2	Another breakthrough climbing rose from the breeder of the <i>Knock Out</i> rose (see page 13). Soft shell pink, 3- to 4-inch flowers. 8 petals. Grows 6- to 8-foot tall. Perfect for small gardens.
19.99	Old Blush, Climbing	NP	CI Ch	8.4	<b>Antique. Unknown introduction.</b> Climbing sport of <i>Old Blush</i> (described on page 15). Grows 12 to 20-feet tall. 9 to 16 petals.
24.99	Peggy Martin	NP	CI		<b>Found Rose. 2003. The Hurricane Katrina Rose.</b> Collected by Dr. William C. Welch in Louisiana. Vigorous climber reaches 15-feet. Clusters of pink shaded flowers from spring through fall. While promoted as thornless, it does have prickles on the backs of the leaves. Neighbors will come begging for cuttings.
26.99	Pinkie, Climbing	NP	CI Pol	8.2	<b>Old Garden. 1952. Earth Kind Rose.</b> Nearly thornless. Semi-double, very fragrant pink flowers. Train either as a climber or large, cascading shrub. Difficult to see the foliage when the plant is in full bloom. Grows 8- to 12-feet tall by 6-feet wide. 17 – 25 petals.
29.99	<b>Pretty In Pink Eden</b>	P	LCI	<b>New</b>	All the same great qualities of Red Eden and White Eden (described below), with very double, deep pink blossoms. 70 – 80 petals. Strong vintage rose scent. Grows 10- to 12-feet tall.
24.99	Red Cascade	NP	CI Min	7.8	<b>1976.</b> Regularly smothered in color with 1-inch blood red blooms. 40 petals. Climbs 14-feet. Can be trained on a post, wall, trellis, or fence. See it growing on the arbor at our nursery entrance. Fine-leaved foliage.
26.99	Red Eden	P	LCI	7.3	Large, 4½-inch crimson, full cupped, old-fashioned blooms. 100 - 110 petals. Produces decorative hips. Strong classic rose scent.
24.99	Royal Gold	NP	LCI	7.7	Rich yellow hybrid tea-shaped buds & blooms sit on cutting length stems. 30 – 35 petals. Blooms on new & old wood. Climbs 8- to 10-feet.
26.99	Sea Foam	NP	P	8.1	<b>1964. Earth Kind Rose.</b> Clusters of 2 to 3-inch creamy white, double flowers. 15 - 20 petals. Beautiful orange-red hips in fall. Grows 6- to 10- feet tall. Because of its prostrate habit, it can be trained as a climber or a trailer. Perfect for the white garden as the flowers reflect night light well.
19.99	Sombreuil	NP	CI T	8.8	<b>Antique. 1850.</b> A mannerly climber reaching 8- to 10-feet. Double, formal white flowers often blushed with pink. Stems are very thorny, but the foliage is beautiful. Blooms heavily in spring, and again in fall. 60+ petals.
19.99	Souvenir de la Malmaison, Climbing	NP	CI B	8.2	<b>Antique. 1893.</b> Climbing form of the lovely <i>Souvenir de la Malmaison</i> (described on page 17). The large quartered flowers provide a rich aroma. 42+ petals. Climbs 8- to 12-feet.
26.99	The Charlatan	P	S	8.0	A shrub rose that can be trained as a small climber to 6 foot. Blush pink to white 3-inch blooms with red stamens. 5 petals. Bushy, rounded shrub grows 3-feet tall and 4-feet wide. Glossy, dark green, dense foliage. Always in bloom, showcasing its golden stamens as very few other roses do.
26.99	White Eden	P	LCI	7.9	<b>Romantica.</b> Old-fashioned white flowers cover it from head to toe. 5-inch blooms. 100 – 110 petals. Dark glossy foliage. Climbs 10- to 12-feet, spreading 6- to 7-feet.
26.99	Zéphirine Drouhin	NP	CI B	8.0	<b>Antique. 1868.</b> Great choice for a novice rose grower. Reportedly tolerates partial shade. Thornless canes produce abundant fragrant cerise-pink flowers with a Bourbon rose scent. 25 - 30 petals. Blooms reliably in spring and fall. Climbs 8 - 10 feet.

Floribunda roses bloom in clusters on shorter stems. Grandiflora bloom in clusters on long stems, providing "one snip" bouquets. Hybrid Tea roses are the classic long-stem rose. Shrub roses are bushy roses that do not fit any other category. They present their blooms closest to their foliage.

Antique, Earth Kind, Found and Old Garden roses do not need special attention once established. Just give them plenty of sun, room to grow, water, and organic fertilizer. They're not troubled by disease or insects; hate being sprayed with pesticide. Flowering slows down during the height of a Houston summer, and resumes in full force when it cools down.

## Rose Growing Tips

### Planting Site:

- Plant roses in locations where they receive direct sunlight for eight hours or more each day.
- Choose a site that has good air circulation over their leaves.  
Do not plant in an enclosed area like a courtyard or small backyard ringed by an 8-foot tall fence.
- When planting near a wall, or fence, allow at least 1 foot of space between the rose and the wall or fence.
- When growing a rose in a pot, choose one that is large enough to allow the roots to grow.  
A pot that can hold 7 gallons or half whiskey barrel is a good choice.

### Bed Preparation:

- Sandy and loam soils  
Incorporate 3- to 6-inches of organic matter and sprinkle Micro Life into the hole and backfill.
- Clay soils  
Plant in a raised bed that is at least 4- to 6-inches above the surrounding soil.  
Incorporate 3-inches of organic matter. Sprinkle Micro Life into the hole and backfill.
- Regardless of soil type, protect roses year-round with a 3 to 4-inch layer of organic mulch (e.g. humus, pine needles, tree leaves).

### Watering:

- Avoid overhead watering.
- Water early in the morning.  
Do not water in the evening or at night.

### Fertilization:

- Roses are heavy feeders. Fertilize them in March, June and lightly in late August.  
We highly recommend organic fertilizers.
- For the March and June feedings, use fertilizers in which at least half of the nitrogen is in slow release form.
- For the late light August feeding, use fertilizer in which the nitrogen is readily available.

### Disease or Insect Problems:

- Always identify the cause of the problem before applying any treatment.
- If you're unsure what the cause is, bring in a sample to us (in a sealed plastic bag) and we'll be happy to help you determine the problem and recommend a solution.
